

34,977 Total Patients

Peninsula Community Health Services (PCHS) is a nonprofit, community-driven health care organization. It provides comprehensive and cost-effective care options for the most underserved communities in Kitsap, Mason, and Pierce counties and surrounding areas. PCHS has over 34 years of experience providing essential services efficiently.

### Patients by Insurance Status

### Experienced

**34** years of delivering quality primary care tailored to the needs of underserved populations.

**289** (FTE) staff provide primary care services, preventive services, and wraparound services. PCHS ensures that its care is culturally appropriate, in part by employing bi- or multilingual staff.

Patients represent a majority of members on the PCHS Board. This ensures that care is responsive to patients' needs.

### Essential

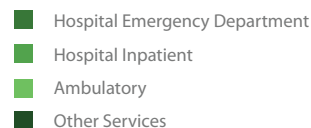

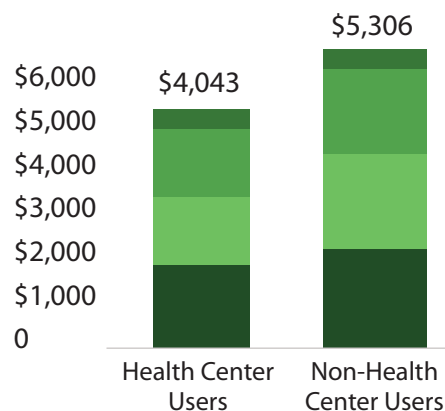

PCHS has seen a **52% increase** in the number of total patients in the last 10 years.

PCHS connects patients to a health care home, which reduces health care disparities.

The PCHS mission is to provide accessible, affordable, quality health care and wellness services for our communities.

### Efficient

Nationwide, CHCs save **\$1,263** in Medicaid dollars per patient per year.

### PCHS Patients Include:

**377**

Migrants / Seasonal Farmworkers

**1,576**

Veterans

**3,083**

Mental Health Patients

**7,395**

Homeless Patients

**14,416**

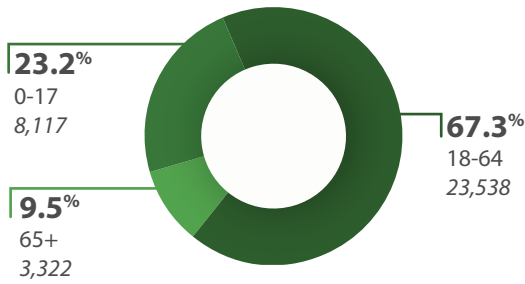

Dental Patients
